116/16 Public Participation

Members of the public discussed Planning Application PA16/02955 and the following comments were made.

- Reference was made to the Cornwall Council Infrastructure needs assessment report (June 2016) which indicated that £2.4m was to be invested in expanding Wadebridge School for a further 210 primary school places. It was questioned whether the proposed school would ever be built on the land allocated in this planning application and would not

be required anyway if the contents of Cornwall Council's own needs assessment report was to be believed.

- The additional traffic generated from this development on the Platt would be contradictory to the Brinkerhoff report and Cornwall Council's traffic management plan of reducing traffic on the Platt.
- A recent Planning Application at Trevarner was turned down due to overload on the mini roundabout. The mini roundabout at both ends of the Platt have already been identified at maximum capacity which this development would add to.
- Access for previous developments at Meadowhead and the Culvery were never considered which has presented serious safety issues. Cornwall Council's Committee members who will be deciding on this Planning Application have no idea of the real impact this development will have on road safety for all users. Wadebridge has not got the infrastructure to support current developments far less this one and the traffic impact this development will bring is dangerous.

Reports from Cornwall Councillors

Cllr McHugh addressed Members and residents in attendance on the following topics:

- **PA16/02955**, advised this application will go to Cornwall Council Strategic Planning Committee on 25 August. Cllr McHugh agreed with the public comments made and suggested that evidence on the safety issues needs to be gathered in advance of the Planning Committee meeting. Cllr McHugh is doubtful that the school development will proceed and only land is provided in the current application. Cornwall Council however have advised that funding is earmarked for the school which is contradictory to Planners advice that capacity will be increased at existing school. Cllr McHugh believes that the safety concerns outweigh the merits of the development.
- Clean Cornwall Initiative 'Turn on the tap' - initiative for business owners to display a sign to allow the public to refill their water bottles from the tap for free with an aim to reducing the numbers of plastic bottles put in the bin. Provides a gesture to people who come through the town to offer them the opportunity to fill up. Some businesses in Wadebridge are already doing this and Cllr McHugh hoping others will follow suit with this green initiative.

Cllr Knightley addressed Members and residents in attendance on the following topics:

- Roundabout at Gonvena. The grass is being cut tomorrow and it will then be handed over to Egloshayle Parish Council to maintain.
- Community bus – safety issues has resulted in the Betjeman centre bus now being used to enable people to access the bus in an easier fashion. Community chest money from both local councillors will be utilised.
- **PA16/02955** – the safety of cyclists on the Platt has been a focus of the transport policy from Cornwall Council. It is incredulous that this Planning Application can be approved which will put even more traffic on the roundabouts on the Platt.

THE HARM OUTWEIGHS THE BENEFIT. NOT SUPPORTED DUE TO THE RISK PRESENTED TO PUBLIC SAFETY. THE SAFETY OF PEDESTRIANS ON FOOT OR BIKES CANNOT BE ASSURED DUE TO THE INCREASED VOLUME OF TRAFFIC

THAT THIS DEVELOPMENT WOULD PRESENT. PUBLIC SAFETY ISSUES ON THE PLATT (A MAIN THOROUGHWAY THROUGH THE CENTRE OF WADEBRIDGE) WOULD BE EXARCEBATED. ROUNDABOUTS ON THE PLATT ARE ALREADY AT MAXIMUM CAPACITY AND THE S106 MITIGATION THE DEVELOPMENT OFFERS CANNOT JUSTIFY THE RISK PRESENTED TO PUBLIC SAFETY.
